

## THEATRICAL SEASON.

## A Crowded House Grooms the Dailey Company Saturday Evening.

A large crowd of people assembled at the Opera House Saturday evening to witness the opening of the Dailey theatrical season, the Two Orphans being presented. The play lasted till after 11 o'clock, and barring the rather lengthy waits between the seven acts, was well received.

Before the play commenced Manager Dailey made a short speech, thanking the people of Honolulu for their kind patronage. He

WILLIAM R. DAILEY.

(The popular and successful Manager of the Dailey Stock Company. From a photograph.)

called attention to the fact that he had made certain promises, and had carried them out. The company now here were far superior to those he had with him last season. Extensive improvements had been made in scenery, etc.

Miss Dalgleish, the leading lady of the company, showed to good advantage, her adaptation of the character represented being natural and true to the instincts of the part.

Mr. Al. H. Hallet, the leading man, is a finished actor of the modern school, and made a very favorable impression. The abilities of Mr. Snow are well known to the people of Honolulu, through his

KATE DALGLEISH.

(Leading Lady with the Dailey Stock Company. From a photograph.)

connection with the company when they were here before. He fully maintained his excellent reputation. Mrs. McClellan creditably carried out the difficult character of Mrs. Frouhard.

The repertoire for this week comprises some of the best known and popular plays, and in some of these new and varied scenic effects will be brought into action. Taken as a whole the company comprises a fair array of talent, and will no doubt continue to draw crowded houses. For a time at least there will be a feast of amusements in Honolulu, added to the Dailey Company, Hicks' circus troupe and other entertainments.

## Florida Sugar Cane.

Mr. Hamilton Disston, the rich saw manufacturer of Philadelphia, has invested enormous sums of money in the State of Florida. He has, also, drained down a part of Lake Keesimnee, and established a sugar cane plantation there, which has been in existence for about six years. Much has been said about the value of the Florida land for cane cultivation. Mr. Disston, in August last, sent a communication to the Southern Development Company, in which he fires their hearts, with the hope of gaining great wealth out of that industry. That plantation was visited by the editor of this paper, about one year ago, and was subsequently visited by Mr. H. P. Baldwin and Mr. S. T. Alexander.

Very large sums of money have been wasted, there, through ignorance, and inexperience. While the soil reclaimed is vegetable matter, it is deficient in plant food, and will require light manuring, in order to produce good crops. The chief difficulty, however, is the cold weather

which, although not severe, arrests the growth of the cane, and reduces the yield. The cane is also open to injury by light frosts. There is no part of Florida which is exempt from frosts, but the extreme southern portion. In the central part of the State, high board fences are put around the pineapple beds, in order to keep out the frost. It has cost northern emigrants to Florida many hundreds of thousands of dollars and great suffering to find out the very simple fact, that the frost line of that State is well below the center of the State. It has been the unfortunate policy of newspapers and residents to lie about it, in the hope of selling land. There are vast possibilities in agriculture, but at present, the Southern States of America are not an inviting field for sugar planters.

## CLEVER HAWAIIAN ACTOR.

## William Lewers Gaining Distinction in Character Roles.

Among the talent included in W. H. Crane's New York company this season is William Lewers, for two seasons past a member of one of Charles Frohman's companies. When Gloriana was last seen here Mr. Lewers was especially noticed for evidences of decided ability in character-roles, and his advancement in his chosen profession is due to conscientious work at all times. It is worthy of mention that the clever young actor is a native of Honolulu, the capital of the new Republic of Hawaii, where his father, though hailing from Boston, has been a prominent merchant for years. His mother was born in Honolulu of New England parentage and he is the nephew of his late excellency, H. A. P. Carter, minister plenipotentiary from Hawaii to the United States. Like many other bright young men who have entered the theatrical ranks, Mr. Lewers was given a classical education with one of the learned professions in view, but, becoming an enthusiast in amateur theatricals, he joined a swell society organization in Honolulu and gave the Islanders their first production of the Mikado and other Gilbert and Sullivan operas. His natural inclination, stimulated by his marked success as an amateur, led him into the ranks of the dramatic profession, where he has done good work for three seasons in the East. He has always manifested a preference for the legitimate drama and his laudable ambition will be gratified in his engagement for W. H. Crane's grand production of The Merry Wives of Windsor. As far as is known, Mr. Lewers is the second Island-born youth on the American stage, his predecessor being a Mr. Poor, who appeared here a few years ago with the Power of the Press company.—S. F. Masie and Drama.

## A Good Day's Work.

In Haswell's standard work on Engineering, under the head of "feats of strength and endurance on land and sea," is found that of a native Hawaiian eight miles at sea with a live pig under his arm. This feat performed in the arms of Neptune has now a parallel on land. A man in the Puna district has been reported as having planted 20,000 coffee trees in one day.

Sells Brothers' mammoth circus, now playing in San Francisco, will pass through Honolulu, en route to Australia, by the Monowai, October 18th.

## Burning Pain

## Erysipelas in Face and Eyes

Inflammation Subdued and Tortures Ended by Hood's.

"I am so glad to be relieved of my tortures that I am willing to tell the benefits I have derived from Hood's Sarsaparilla. In April and May, I was afflicted with erysipelas in my face and eyes, which spread to my throat and neck. I tried divers ointments and alteratives, but there was no permanent abatement of the burning, torturing pain, peculiar to this complaint. I began to take Hood's Sarsaparilla and

Felt Marked Relief before I had finished the first bottle. I continued to improve until, when I had taken four

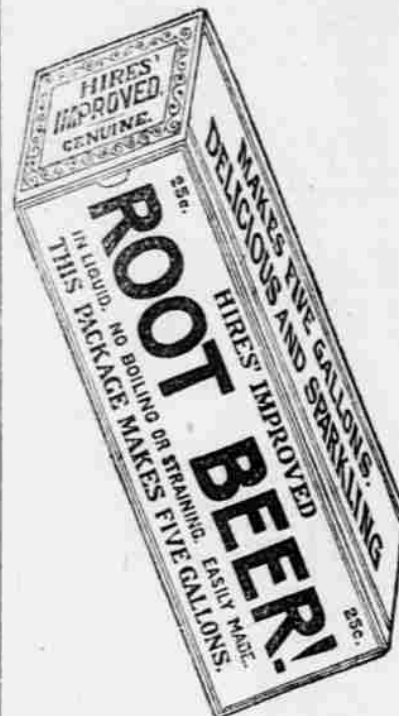

**HOOD'S Sarsaparilla CURES**

bottles, I was completely cured, and felt that all signs, marks and symptoms of that dire complaint had forever vanished." Mrs. E. E. OTTAWA, Hillsboro, Wisconsin.

Hood's Pills are prompt and efficient, yet easy in action. Sold by all druggists. 25c.

## "If It's Hires' It's Good."

When folks drink more Hires' Rootbeer than all other rootbeers combined, there must be something in Hires', and there is—delicious flavor and public confidence.

Undoubtedly the reason of the popularity of Hires' Rootbeer is, because it surpasses all other preparations for making a delightful home-beverage. It is very easily prepared, and if the plain directions are followed, it will always be good. Every member of the family, from the baby to the grandfathers, can enjoy this excellent summer drink. Children especially delight in Hires' Rootbeer. Its preparation interests them, and its use does them good. In thousands of homes, "Hires' Rootbeer that mother made," will be among the happiest recollections of childhood.

What others say will carry conviction:

A DOCTOR IS SURPRISED WITH THE RESULTS.

"About three months ago I bought a package of your Rootbeer, and after making it according to directions, I found it a very delicious beverage. Not only this but I was so much pleased with it that I gave it to some of my patients, and was much surprised with the result. I have now used about 12 dozen. Dr. M. A. Somers, Plano, Ill."

SAYS ITS GOOD FOR DYSPEPSIA.

"I find great relief in drinking your Rootbeer, as I have been troubled with dyspepsia, and should feel very sorry if I could not keep myself supplied with it. I drink it when it is fermented. R. F. Scott, 2519 Meredith st., Philadelphia."

NEVER FOUND ITS EQUAL.

"I have used your Rootbeer for seven years, and have found it a superior article. I have sampled other rootbeers, but have never found any to equal Hires'. I have so much faith in it that I have persuaded ten different families to use it. Mrs. R. Stevenson, 1027 Lincoln Ave., Chicago."

This is typical weather for root beer drinking. Drink all the other beverages and you will die of disappointment if you don't try Hires'.

Just sample some once when rightly made, and we know the result—you will endorse Hires'.

It is doing more to advance practical temperance than many people realize. It is used and recommended by the most cautious and conservative temperance people. The most scrupulous abstainer can enjoy it and recommend it to others as an agreeable and healthful substitute for the strong drink which he opposes.

Storekeepers will find Hires' the only Rootbeer extract that has a good sale and can be recommended to their patrons. We give elegant pictorial advertising matter with each order. Liberal discount to the trade.

You are invited to TRY A SAMPLE glass of above Beer during the entire week.

## CASTLE &amp; COOKE

IMPORTERS,

Hardware and

General

Merchandise

We have had a large CONSIGNMENT made to us of HARTMANN BRASS WIRE DOOR MATS, both the large and small size.

Our instructions are to sell these goods at cost which will be done as long as they last. These MATS are an excellent quality of mat, but must be sold to make room for our regular stock.

It has been reported that there is a case of Liver Fluke in Honolulu which suggests the advisability of looking into the question of FILTERED WATER. No easier or more satisfactory FILTERER was ever made than the old reliable—STONE FILTER—it should be in every House and Office. They not only filter the water but cool it.

EDDY REFRIGERATORS are another thing within the reach of all. If you want a good REFRIGERATOR the EDDY is the one to buy.

The same thing applies to the GEM ICE CREAM FREEZERS. These freezers are worth every cent asked for them.

We have received many new goods by recent arrivals, making our stock complete in every detail.

Remember, we sell PEARL OIL at \$1.90 per case, delivered, C. O. D.
